

Réalisation d'une voie nouvelle - Profil envisagé

The diagram illustrates a proposed road profile with the following components and dimensions:

- Limites d'intervention:** Vertical red lines on the left and right sides of the profile.
- Trottoir:** A sidewalk on the left with a width of 2.00m, featuring a pedestrian and a stroller.
- Stationnement:** A parking area with a width of 2.00m, containing a red car with a roof rack.
- Chaussée en double sens:** A two-lane road with a total width of 3.25m for each direction, containing a blue car and a grey car. A red 'X' symbol is placed in the center of the road.
- Neuc:** A landscaped area on the right with a width of 2.50m, featuring a tree and a planter box labeled "Bassin de rétention - option 2".
