- The drawing illustrates a road intersection with a truck's path highlighted in cyan. The truck is labeled '19T' and 'Personnel'. The road is labeled 'Rue Professeur'. The truck's dimensions are specified as 11.00m in length and 2.50m in width. The truck's path is defined by a series of points and lines, with a final point labeled '19T' and 'Personnel'.
- Technical drawing showing a truck (19T) and its dimensions (11.00m length, 2.50m width) and a table of parameters (Largeur, Trace, Délai contre-braq., Angle de braquage) in meters.
